

NPORS Operator card

NPORS provides operator card that shows the assessments undertaken, this is displayed on the reverse of the card, shown below. These can only be obtained through an Accredited Training Provider (ATP) for initial applications.

Card front information

Operators name
Registration number
Expiry date of the card

Card back information

Registration number
Card issue number
Test Date (Assessment Date)
Category (Item of Plant machinery, equipment of H&S Course/Test)
Instructor who completed the assessment

Card Security

The card background has a guilloche design in blue, the method of this design is the same as those found on the banknotes.

A silver hologram of the NPORS logo is found on the bottom right of the card

Card Validation

NPORS can validate all non-personal information on the operator or instructor card e.g. Categories on the reverse of the card, persons name and registration number.
