

Emergency First Aid at Work – Online Annual Refresher

What is Emergency First Aid? Well it's exactly that, the first aid to be offered if an incident occurs. Not many of us are confronted with scenes of blood and gore in our everyday lives – so usually first aid could be as simple as sticking a plaster on a small cut.

But what if you did find yourself confronted with a more serious situation. This Emergency aid course will highlight some of the most common situations that you might come across and the actions that you can take to help.

In the most serious situations a first aider's role will be to assess the scene so that accurate information can be passed to Emergency services and then to act appropriately to try and increase the patients odds of survival.

Course	Module Number	Module Name	Pass % Required
Emergency First Aid at Work	1	What is First Aid?	70
Emergency First Aid at Work	2	Barriers, ABCDs and the recovery position	70
Emergency First Aid at Work	3	CPR and AEDs	70
